Dated, Tumkur, the 19th April 1917.

From

K. Chandy, Esq., B.A.,
Deputy Commissioner & President,
District & Municipal Boards, Tumkur

To

B Ramaswamaiya, Esq., B.A., B.L.,
Offg. Secretary to Government of
His Highness the Maharaja of Mysore,

Sir

I have the honour to state that the present Musafirkhana Building at Tumkur, which is behind the newly constructed Sri Krishnarajendra Town Hall is not fit for the use of travellers, as the well near it is dry and cannot be deepened on account of the existence of hard rock. Attempts to sink wells near the place by private gentlemen have also failed. So, travellers are rarely using the building.

As there is no other building available as a halting place for the middle and lower classes of people who come to Tumkur in large numbers every day, it is found necessary to have a new Musafirkhana erected in the Town.

Honnaliga Gowda, a philanthropic gentleman of Belavatta put in an application promising to contribute a sum of Rs. 3,000/- for the construction of a new Musafirkhana in this Town on condition that this amount be supplimented by further grants from the Municipality and the District Boards and a spacious building be put up near the Municipal Well in the King George Coronation Park for the use of travellers. According to his promise, he paid a sum of Rs. 2,500/- but died before the balance could be paid, his brother Veere Gowda, however, promised to pay up the balance of Rs. 500/-.

The matter, together with a Memorandum of the District Economic Superintendent was placed before the Tumkur Municipal Council on 30th August 1916, and it was resolved that (in view of the present Musafirkhana being situated so close to the Town Hall, so as to form a useful adjunct to it) a sum of Rs. 2,000/- may be sanctioned for the new Musafirkhana to be paid from the closing balance, in lieu of the District Board handing over the exist-

existing building to the Municipality and that the District Board be requested to contribute a further sum of Rs 2,000/- towards the cost of the building which may be put up in the Coronation Park The present value of the Old Musafirkhana that the Municipality propose to acquire by a payment of Rs 2,000/- is about 3 or 4 thousand rupees

A copy of the above resolution together with other papers ~~were~~ was sent to the District Board and it was resolved by the Board in its meeting held on 23rd September 1916 that the existing building may be handed over to the Municipality on condition of its contributing Rs 2,000/- towards the construction of the new Musafirkhana and that a further contribution of Rs 2,000/- be sanctioned by the District Board, to be paid from its closing balance, and that the new building be taken over by the Board

From the above, it will be seen that the present Musafirkhana is almost useless for the travellers and that a new building is necessary for this Town

Copies of the resolutions of the District and Municipal Boards together with the application of Veere Gowda and the Memo of the District Economic Superintendent thereon are enclosed for perusal

Veere Gowda has since paid the balance of Rs 500/- and the whole amount of Rs 3,000/- has been deposited in the Savings Bank in the name of the Deputy Commissioner

I request, therefore, that sanction of Government may kindly be accorded for payment of Rs 2,000/- from the District Board and Rs 2,000/- from the Tumkur Municipality, both the amounts being met from the closing balance at the credit of each, for constructing the new Musafirkhana The construction will be entrusted to the Executive Engineer.

Sir,

With reference to your letter No 7179 Mu. 207-16-2 dated the 14th instant enquiring why it is proposed to raise a sum of Rs 7000/- towards the cost of the construction of a new Musafarkhana at Tumkur while as per estimate furnished is only Rs 4965/-, I have the honour to state as follows -

It was originally proposed by the District Economic Superintendent that the new Musafarkhana might be built at a cost of Rs 5000/- which should consist of a gift of Rs 3000/- from Mr Honnalagi Gowda and a contribution of Rs 2000/-from the Tumkur Municipality and a rough estimate for Rs 4965/- was prepared by him and sent to the Tumkur Municipal Council with his memorandum on the subject But when the subject was placed before the Municipal Council it was thought that such a building would be too small for Tumkur Town and it was therefore considered that a contribution of Rs 2000/- might be sanctioned out of its own funds and the District Board be requested to sanction a further grant of Rs 2000/- for a bigger building

The District Board has also passed a resolution - recommending the construction of building costing Rs 7000/- while sanctioning its grant of Rs 2000/-
